

ANP Lighting INNOVATIVE SITE LIGHTING

Old world charm with a twist of modern

This series of fixtures have classic, old world charm with a modern interpretation. The dome shaped crown has tool-less entry into its hinged and gasketed hood for easy driver/ballast access. It is constructed of heavy duty cast aluminum with stainless steel hardware. The three strut open center lends itself to the Modern Feel of the fixture. This series is available in three sizes for a variety of applications and provides effective lighting for wall mounts, pedestrian areas and roadways.
